= quinze

= neuf

= douze

= dix-huit

trois x six	quatre + huit
six + six	seize - un
neuf x deux	dix-sept - huit
dix + deux	douze - trois

onze + sept	un + huit
trois x cinq	treize - un
trois x quatre	quatorze + quatre
quinze - zéro	onze + quatre

Children work in pairs or groups.

They have a copy of all the cards. They place the blue ones on the table in front of them. They read and solve the calculations on the orange cards and put each orange card next to the appropriate blue card, according to its answer.
