#lumenchallenge2

Hello, I'm Lumen!

Welcome to my second challenge.

Here's what you need to do:

1. Colour in the numbers.
2. Find out how to say the numbers 1 to 5 in another language and write the words into the boxes.
3. Colour in the flag in the bottom left corner to show which language it is.
For example, if you've chosen Spanish, colour the flag to look like the Spanish flag.

I'd love to see your finished challenges!

You can post them on:
