This pennant features a wavy Spanish flag at the top and bottom. The number '18' is written in large black font in the center. The Spanish word 'dieciocho' is written in bold black font above and below the number. A large black arrow points downwards from the word 'dieciséis' to the word 'dieciocho'. Small circles at the corners indicate where to punch holes for string.

There are two ways of joining the triangles together:

1. Punch out the holes shown and use string or treasury tags to join the triangles together.

2. Fold the top tab to the back and stick it down over a string. (Image is as seen from the back)
